

Croquet NSW Secretary/Treasurer's Report – September 2021 Board

Financial Statements

A very quiet month with stay at home orders. Only \$50 of income to the main account and \$1,763 of outgo from the payment account, mainly lawn payment fees that had been already accrued as well as a few tournament fee refunds.

Given that the agenda includes the annual report and financial statements I have not updated the financial statements

Covid Recovery Grant

There is \$115,500 to be distributed to clubs, Given that we want to use some money for hubs it seems like our first rollout should be for the \$1,000 grants once we have established eligible clubs. I am still waiting on advice for the eligible clubs from Sport NSW.

ACA Affiliation Fee

ACA have advised that there will be no increase in the ACA affiliation fee so it should stay at \$32. This provides a buffer to absorb the extra costs of accident and travel insurance which will no longer be passed on to clubs but will be charged against membership fees

Facilities Management Committee

We need to appoint a facilities Management Committee. I had tried to do this by Cat Heder without success

Membership

Our affiliated membership stands at 2,940 as member renewals get processed by clubs. We are about 60 ahead of the same time last year.

Steve Miles - CNSW Treasurer
