CNSW Selection Policy

1 Aim of the Policy

The aim of this policy is to provide a transparent process for selection of players to a number of squads, state teams and invitational events. Whilst CNSW aims to select its most skilled, competitive, experienced, competition ready, and team compatible players, it is not a closed policy in that players who are eligible and meet the selection criteria should assume that they have the opportunity to be selected. This policy cannot prescribe the details of participation in training, coaching and squad sessions or activities. These are the duties of the selection committee itself, the team managers and the team coaches. Bulletins or Information Documents may be issued to expand upon or clarify these requirements.

2 Definitions

In this policy:

- a) CNSW means Croquet NSW.
- b) Board means the Croquet NSW Board.
- c) ACA means the Australian Croquet Association or Croquet Australia.
- d) Forms of croquet include Association Croquet, Golf Croquet and Ricochet.
- e) Constitution means the CNSW Constitution.

3 Application

This policy applies to the selection of croquet players for a number of squads, state teams and invitational events within and outside NSW. These include but are not limited to the following:

- a) The Interstate Cup (ISC or Eire Cup) for Association Croquet;
- b) The Interstate Shield (ISS) for Golf Croquet;
- c) The ACA Bronze Medal Events hosted by CNSW;

- e) Training and Development Squads.

4 Eligibility

For a player to:

- a) be selected for a CNSW State Squad or State Team;
- b) participate in either of the Australian Bronze Medals, or
- c) participate in NSW Selector Events.

they must, at the date of selection and also close of entries:

- c) not be suspended from state, national or international play for any reason.

5 Players responsibility

- a) This Policy;
- b) The CNSW Policy - Discipline of Members and Complaints;
- c) The ACA Member Protection Policy, Attachments B1 and B2; and
- d) The ACA/CNSW Doping Policy.

Players must also be familiar with the rules relating to the form of croquet being played and also be aware of the Overriding Rules of Croquet.

6 Selection Committees

- a) The Board is responsible for the selection of players to represent CNSW and the Board has delegated that function to one or more Selection Committees. The operation of committees is covered by the Constitution.
- b) There will be separate Selection Committees for each form of croquet. Each committee is established under the Constitution and will comprise a minimum of three (3) members but ideally five (5) members inclusive of the Team Coach. In addition, the Chair of the Board (or his/her delegate who shall be a CNSW Director) may sit with the committee as an ex-officio member. Each committee should have a Chair and a Secretary. Whilst a person can serve on more than one committee at the same time, a person cannot chair more than one committee at the same time.
- c) Members of a Selection Committee will have the same terms and reappointment conditions as detailed in the constitution for a director in that terms are for two (2) years and a person may serve on the committee for up to three (3) consecutive terms.
- d) The term for Members of Selection Committees is completed once either the ISC or ISS has concluded and reports submitted. Committee members must then retire on an alternating basis and if the committee cannot agree, retirements will be determined by lot.

- g) Any selector or ex-officio committee member who is a candidate for selection is precluded from discussions or voting on themselves.
- h) Any person serving on the committee is responsible for identifying a conflict of interest or a perceived conflict of interest involving a particular candidate and notifying the chair. The Chair (or other committee members if the chair is involved) should determine the relevance of the declaration and ensure the person is not involved in discussion or voting on a particular selection for which they may have a conflict of interest. It is recognised that selectors and candidates for selection may be from the same club, may have played in partnerships or developed friendships, but this in itself should not immediately be considered a conflict of interest.

- i) On request from a Selection Committee, the Board will supply the reports that have been submitted by Team Managers, Team Coaches, Team Captains and Team Vice-Captains for the two (2) previous years prior to the upcoming event.
- j) The proceedings of a Selection Committee are confidential but must be minuted. Minutes should be capable of being redacted.

At the date they submit Expressions of Interest, they must be a financial member of a State or National Association that is affiliated to the World Croquet Federation (WCF).
- b) The Selection Committee in consultation with the Board will select and appoint the Team Manager and Team Coach. The term of these appointments will be until the conclusion of the next relevant event unless otherwise agreed.

7.2 Selection of a State Squad

The Selection Committee is to select a squad from which the final team is to be chosen. The size of the squad will be determined by the Selection Committee in consultation with the Board. The Selection Committee will themselves advise the players of their selection for the squad by a means of communication that provides a record.

There are three sets of criteria that the Selection Committee must use to evaluate a player when selecting for a State Squad. These are:

- a) personal attributes;
- b) attendance at selected events, coaching sessions and training sessions; and
- c) playing form.

Selectors are to develop a methodology for the proper, recordable and ongoing assessment of a player against the criteria leading up to the making of selections.

7.2.1 Personal Attributes

- a) Players will be evaluated against the following criteria:
 - i) compatibility with, and ability to support, other squad and team members, and have a demonstrated ability to promote a responsible attitude, commitment, trust, respect, equity and sportsmanship among team members;

 - iii) previous attitude to officials, tournament managers, referees, team managers, team coaches and other players;
 - iv) past adherence to any training protocols that have been issued;
 - v) ability to complete the event as assessed by the Team Manager and Team Coach;

- b) Issues concerning a player's personal attributes:
- i) In evaluating a player against **clause 7.2.1a)** the Selection Committee will only take into account issues that arose during the 2 years prior to the date that selections are to be submitted to the Board, unless that is the player concerned has been advised by the selectors of issues that go back beyond this time frame.
 - ii) If the Selection Committee considers that in terms of paragraph **clause 7.2.1a)**, a player has issues which may affect their chances of selection, the Chair of the Selection Committee, or the Chair's delegate will be responsible for discussing these issues with the player concerned.
 - iii) Issues discussed with players shall be documented, preferably as an agreed record of discussion between the Chair of the Selection Committee or their delegate and the player concerned. If any dispute arises concerning this record of discussion the Chair of the Selection Committee shall attempt to resolve this. If the issue is not resolved in one month the record of discussion prepared by the Chair or the Chair's delegate will become the record for purposes of the Selection Committee.

7.2.2 Attendance at Selected Events, Coaching sessions and Training sessions

- a) The Selection Committee, in consultation with the Board and the Tournament Committee, will determine:
- i) which CNSW Championship Events are considered to be qualifying events for selection noting that a player must have participated in at least one of these events;
 - ii) which events from the CNSW Calendar are considered to be qualifying events for selection noting that a player must have participated in at least one of these events; and
 - iii) the importance of attendance at coaching and training sessions which may be varied on a player by player basis.
- b) Players are required to play in three (3) qualifying events that are to be played in 12 months leading up to the event. The ISC or ISS event from the previous year is not a qualifying event.
- c) Players unable to take part in qualifying events must advise the selectors in writing of this fact and the reasons for non-attendance before the commencement of the selection event. The selectors will advise if this is acceptable or not.
- d) A player may request that up to two equivalent interstate or international events that they have played in be counted by the Selection Committee as qualifying events. The selectors will advise if this is acceptable or not.
